You'll start by mixing 3 cups white flour, 1 teaspoon salt, 1/2 teaspoon yeast, and 1.5 cups of warm water in a bowl. Use a wooden spoon and just mix until everything's combined. It's easier to spread the ingredients around the dough when it's still slightly sticky. Let the mixture sit for about 30 minutes.

After assisting her to communicate with TV/cable provider, we decided to focus on other equipment to make her life easier. We have a WeMo lighting set. She does not seem to have any fatigue at all with the Echo and this device. She can easily turn anything on and off using her voice. It allows her to control her Alexa and the WeMo switch are doing to increase her independence.

We ask that you'd consider supporting independent living legislation which adds $1,000,000 of additional funding for independent living services. The funds would be used to support the state-operated vocational rehabilitation program and to meet the needs of people with severe disabilities who are interested in independent living.

The five people closest to the pin will be set up on the driving range) and landing the ball in the cup. You want to make sure you're practicing your accuracy and consistency before you get to the course. It's always better to be safe than sorry when it comes to golfing. Keep practicing, and you'll be ready to tackle the course on Saturday, August 27th.
