

Workforce Innovation Opportunities Act (WIOA)

WIOA is a federal law that was implemented on July 22nd 2016. The law requires any persons earning special/sub-minimum wage to be offered an opportunity to look at their employment options.

The first step in the process is to attend an informational meeting. The following organizations have scheduled dates to hold informational sessions and they are allowing outside guests at their meetings to increase access for people to attend. If you want to attend a meeting please RSVP with the agency that will be hosting.

If you any questions please feel free to contact:
